Result Sheet

Assignment: Standard Test
Student: Shaurya Bhardwaj
Total Score: 8/32

Question	Score	Reason
Q1	0/1	Incorrect option selected (A instead of B). The correct answer is B (2.16 cm).
Q2	1/1	Correct option selected (B).
Q3	1/1	Correct option selected (D).
Q4	1/1	Correct option selected (B).
Q5	0/1	Incorrect option selected (A instead of D). The correct answer is D.
Q6	1/1	Correct option selected (C).
Q7	0/1	Incorrect option selected (A instead of D). Assertion is false and Reason is true.
Q8	0/1	Incorrect option selected (B instead of A). Reason correctly explains Assertion.
Q9	2/2	Full marks awarded for correct proof showing $\Delta ABD \sim \Delta CBA$ via AA similarity and deducing $AB^2 = BC \times BD$.
Q10	0/3	Incorrect approach using unnecessary construction rather than triangle similarity. Did not find the value of DC.
Q11	0/3	Proof was barely started and left incomplete without required construction or logical deductions.
Q12	0.5/5	Awarded 0.5 marks for writing Given and To Prove. The proof was left incomplete with incorrect reasoning.
Q13	0.5/5	Awarded 0.5 marks for stating Given and To Prove. The proof was left incomplete.
14.i	0/1	Incorrect method using flawed triangle similarity ratios instead of trigonometry to find BC.
14.ii	1/1	Correct value of 38 stated.
14.iii	0/2	Not attempted.
14.iv	0/2	Not attempted.
